

Licensing

This page is not complete

The licensing of the RX9004 is done in two places, and thus requires two license files (we will cover how to get these licenses in a separate page)

```
LicenseData-HER0-xxxxx  
LicenseData-HMS-xxxx
```

Each of the two files has to be uploaded to different parts of the RX9004, and are managed on different web pages of the RX9004.

LicenseData-HMS

The LicenseData-HMS file is uploaded on the page located at [Settings → Update](#).

To get to this page click the large [Settings](#) link at the top of the page, then select [update](#) on the smaller sub menu.
